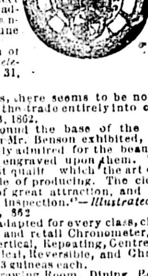
BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862



"As a sample of English clockwork on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands." *Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News* November 8th, 1862

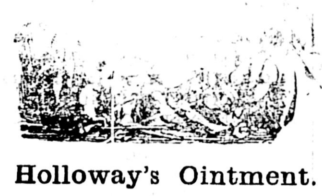
The Infallible Remedy.



Holloway's Ointment.

Contracted or Stiff Joints.

All the medicines in the London dispensaries would barely benefit, much less cure, any chronic cases of contracted or stiff joints; whereas if this invaluable ointment be effectually rubbed into such parts twice a day, the effects will be immense. Paralytic patients even can derive advantages from this fine remedy when other means fail.

Scorbutic Humours.—Scald Head and Skin Diseases.

Scorbutic humors arise from an impure state of the blood, and in most cases the liver and stomach are the organs at fault. The Pills will speedily restore these to a healthy action; while the Ointment if well rubbed in at least twice a day, will soon cure any case of skin disease. Soldiers, sailors, and miners, use this famous Ointment in all parts of the world.

Disorders of the Kidneys, Stone and Gravel

In any of the above complaints more benefit may be derived in twenty-four hours by adopting the following simple means than is frequently brought about in six months by any other treatment. In bad cases if the Ointment be rubbed into the small of the back over the region of the kidneys, it will quickly penetrate, and, in most instances, give immediate relief. Six or eight of the Pills should be taken nightly according to circumstances.

Diptheria, Sore Throats, &c.

These maladies are of so serious and dangerous a nature that the Ointment would not be recommended unless the Proprietor was sure of its effect. It will cure when every other means have failed, if applied immediately, and not delayed until the patient is beyond recovery. It is a sovereign remedy for sore throat. Settled Coughs or wheezing will be promptly removed by rubbing in this unguent. Mothers should rub it into the chest of their infants whenever there is any hoarseness, tightness, or other affection of breathing.

Bad Legs, Bad Breasts.—Old Wounds, Sores and Ulcers.

It is surprising how quickly a sore, ulcer, or wound, deprives the body of strength, and unfits it for the duties of life; but it is no less wonderful to watch the effect of Holloway's Healing Ointment, when it is used according to the printed directions, and assisted by appropriate doses of the Pills. The pain, inflammation, and other morbid manifestations, soon disappear from the affected part and health and strength return.—This treatment creates sound flesh, and therefore makes its cures complete.

Gout and Rheumatism.

Will be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts. This treatment must be perseveringly followed for some time and duly assisted by powerful doses of Holloway's Pills The essence of these diseases lies in the blood, which has floating through each vessel the pain giving poison which vitiates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty and rheumatic maladies.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chilblains	Glandular Swellings	Sore-throats
Bad Breasts	Chapped Hands	Lumbago	Skin-diseases
Burns	Corns (Soft)	Piles	Scurvy
Bunions	Cancers	Rheumatism	Sore-heads
Bite of Mosquitoes and Sand-Flies	Contracted and Stiff Joints	Scalds	Tumours
Coco-bay	Elephantiasis	Sore Nipples	Ulcers
Chiego-foot	Fistulas		Wounds
	Gout		Yaws

Sold at the establishment of PROFESSOR HOLLOWAY, 244 Strand (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s, 1½d; 2s. 9d; 4s. 6d, 11s., 22s., and 33s. each Pot.

☞ There is a considerable saving by taking the larger sizes.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better abstain from them altogether do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing suspended secretions Universally adopted as the one grand remedy for female complaints these Pills never fail never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water, or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action, they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers cleanse the blood from all impurities and thus fortify the system against consumption, asthma and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease re-establish the digestion, regulate all the secretions brace the nervous system, raise the patient's spirit and bring back the frame to its pristine health and vigor

Biliousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Jaundice	Secondary Symptoms
Asthma	Dysentery	Liver Complaints	Tic-Douloureux
Bilious Complaints	Erysipelas	Lumbago	Tumours
Blotches on the Skin	Female Irregularities	Piles	Ulcers
Bowel Complaints	Fevers of all kinds	Rheumatism	Venereal Affections
Colics	Fits	Retention of Urine	Worms of all kinds
Constipation of Bowels	Gout	Scrofula, or King's Evil	Weakness from whatever cause, &c., &c.
Consumption	Head-ache	Sore Throat	
Debility	Indigestion	Stone and Gravel	
	Inflammation

GLORIOUS NEWS

—FROM—

LEECH RIVER.

THE GOVERNMENT PROSPECTING party is expected to return with the glad news of very rich and extensive Gold Fields having been found, in view of which the

MOUNT ARARAT HOTEL,

Is pronounced to be the best and most comfortable house on the River, having single and double bedrooms, clothed, plastered and carpeted; a large hall running through the centre, with a large well furnished Parlor on either side for Ladies and Gentlemen.

Feed and Stabling for horses.

The Mount Ararat is the only House fitted up for the accommodation of Ladies. The proprietors, without regard to cost or trouble, have put up a House that is the admiration of all lovers of cleanliness and good eating, and which would not disgrace the great metropolis of Vancouver Island.

The Mount Ararat being elevated seventy five feet above Kennedy Flat, on the Government Trail leading to the North Forks, it has a great advantage over other houses from the purity of both air and water around it and the grand and magnificent mountain scenery that can be seen from its door.

The Proprietors would call the attention of miners, merchants and others intending to visit the mines this spring, to this advertisement.

THE GOVERNMENT OF VANCOUVER ISLAND.

In our Saturday's issue iwe alluded to the growing dissatisfaction on the part of the Assembly and the public with Governor Kennedy's administration. The subject is one of too much importance to the welfare of the colony to be dismissed with the necessarily brief comments of a single newspaper article. It embraces in effect our future as well as our present well-being; for at no period in the colony's history has the necessity for good government—a result which can only come from harmonious action between the Executive and the Legislature—made itself more absolute than now. We must stand on neither trifles nor ceremony in so grave a crisis, but meet the difficulties of our political position as practical men meet the difficulties in their commercial or ordinary life. If it is well for ourselves and well for the colony that representative government on Vancouver Island should cease—that an Imperial agent should dictate what policy the country should pursue, let us by all means relinquish a right which we have been taught by British authority to believe is co-existent with taxation, and inalienable in every British subject—let us abandon representation and submit meekly to the guidance of the Colonial Office of Downing Street or of James Bay.

The object of all good government is the happiness and prosperity of the people, and it is merely a question with mankind what description of machinery is best adapted to produce this result. In most countries, fortunately or unfortunately as the case may be, this question is not left to the public to decide; the government has come into being through the right of armed force, and has been perpetuated on the profane supposition that it was inaugurated by Divine interposition. In various instances the Divine test has given way, and the people have resumed that power which had been so long usurped by the inaugurators and the inheritors of violence; but in the majority of cases, the Governments have been strong and the inhabitants ignorant; and the consequence is that either an individual or a small minority have continued to assume the right to control the destiny of their fellow creatures. From these facts a kind of aphorism is adduced—that just in proportion to the intelligence of a people will be the popular character of the Government. If the masses are ignorant as they are in Russia, the rule is bound to be despotic; if they are enlightened as they are in America, republicanism must prevail. There is even a further maxim attempted to be brought forward, and that is that a country's prosperity is mainly due to the liberal character of the Government. America having the broadest political foundation, allowing every citizen a voice in the affairs of the nation, is the most rapid in its progression; England, forming as she does as near as possible a republic to those of her subjects who come within the franchise, is next; and so on by gradations; but it is evident, however correct the fact may be, that there is a fallacy in the proposition; for the nature of the country, its climate and its position, may have in many cases as much to do with its prosperity as its laws or mode of government. One thing, however, out of all this is irrefutable, and that is that *cæteris paribus*, the people whose Government is more thoroughly based on the opinion of the governed are the happiest and most prosperous; and this rule will apply whether the population be ten thousand or ten millions.

The question that arises in Vancouver Island just now is whether the public or the Executive shall guide the legislation of the country. It is a question embracing some very nice points; for the self-love as well as the dignity of the inhabitants is at stake. If we admit the right of the Executive to shape the policy of the country, we tacitly acknowledge that the people are incompetent to manage their own affaire—a confession that is hard to force at any time from any portion of the Anglo-Saxon race. To say that Governor Kennedy and Messrs. Wood, Wakeford & Co. know the wants of the people better than the people do themselves, may be to assert a serious and incontrovertible truth, but we cannot accept the statement as one beyond discussion. We are compelled to inquire the grounds for such pretensions. His Excellency is, we admit, a man of considerable ability, but from various gubernatorial communications to the Assembly it is very evident he is not very conversant with colonial management. No man who has had experience in the United States or in the North American colonies would ever think of suggesting the idea of paid magistrates for rural districts, or would think of asserting that capable men to fill such offices could not be found in any of the agricultural communities of Vancouver Island. It is this want of knowledge, or want of affinity with the spirit of Colonial life that mars so much Governor Kennedy's administration. The old country idea of fancying official capacity to belong exclusively to that well known heap of helplessness called the "genteel class," sticks too prominently out. As for those "constitutional advisers," Messrs. Wood and Wakeford, we may be excused for dismissing them curtly. Not naturally gifted, on the one hand, and totally inexperienced on the other, with an intense admiration for their own [illegible]nent and a kind of melancholy pity for the judgment of their neighbors, His Excellency could not have picked up more mischievous assistants or men more likely to bring his administration into disrepute.

So far, therefore, we believe the pretensions of the present Executive to legislate and govern Vancouver Island are not well founded; but to come to the right of the question it might be interesting to know on what ground these gentlemen have formed so high an idea of their mission as to frustrate the action of the people's representatives. Governor Kennedy is sent here to look after the legitimate interests of the Crown, to see that the measures of the Legislature are in accordance with the Constitution, to carry out as head of the Executive the laws of the country, and socially as well as politically to maintain the dignity of Her Majesty's representative. If His Excellency departs in any respect from these duties, or if he interferes with the desires of the people constitutionally expressed, he is to such an extent an injury both to the Crown and people. If his Legislative Council, which is virtually the Executive, tells the inhabitants of Vancouver Island they shall have no Lien Law, they shall have no Homestead Act, they shall have no reform in their franchise, it is simply violating its most sacred duties and imperilling the respect of the Crown. Through such outrages on popular right have British subjects in days gone by been obliged to leave their adopted country, and take refuge in the American Republic, where official ignorance and official superciliousness are not of such luxuriant growth. We are not too populous that we can afford to lose any portion of our citizens through such mischievous bungling. What the people of this colony want they must have, if it is within the spirit of the constitution. They have come here and invested their money and labor, and it is a matter that concerns their very daily bread that the wants of the country should be attended to. We have already said the people know these wants. They are conversant with the means of supplying them. We have a population embracing the experience of almost every country and nationality under the sun, and one that will favorably compare with any colonial community in intelligence; when His Excellency or his subordinates, therefore, fancy that representative institutions in Vancouver Island are a mistake, and that they themselves are the Heaven-born statesmen to set things to rights, we tell them seriously they are laboring under a delusion. We tell them that the people who pay the taxes and support an expensive Government are not only able to legislate but determined to submit to no interference in their legitimate efforts to benefit the country. If His Excellency wishes to regain that position in the respect of the inhabitants which he once held, he will put his own happy speeches into action, and will leave the people, who are certainly the most interested parties in the country, to carry out what their reason and experience dictate.

A CARD.

To THE EDITOR OF THE BRITISH COLONIST,—SIR: I am surprised that certain parties on Johnson street should have complained in the Police Court, and that the newspapers should also have stated that I am selling liquor without a license, when I am paying for no less than three retail liquor licenses; one for the Oriental on Yates street, one for Johnson street, and one for Sooke. The same parties are also trying to get signatures to a petition with a view to deprive me of a license which the Magistrate granted after the Superintendent of Police had been sent to inspect my premises, before either of the complaining parties commenced business, a fact which one of them knows, as he was then in my employ in the premises on Johnson street. On leaving my service this person opened a saloon next door to me, but I offered him no opposition, nor have I to the best of my belief ever opposed any application to procure a license in Victoria. I will ask either of the opposing parties how much they have expended in improving Johnson street? I have spent $50,000 for improvements on Johnson street in six different houses, as is known to everyone. Or have either of them ever paid one cent towards prospecting the country? Whereas I can show that I have paid $8,000 or $9,000 towards prospecting Fraser River, Stekin and Cariboo, besides for copper and coal mines, and am always contributing my quota towards any institution whenever called upon. I would further enquire whether either of the parties keep a more respectable establishment than I do? After all this the said parties seek to make me confine my business to a space of about 20 or 25 feet; and why? Because one of them has expended about $75 for papering his establishment, and the other $33 for a counter If either of the parties now opposing me are so jealous of my business, I will sell out to them for fifty cents upon the dollar.

LEASE OF THE BROWN JUG SALOON.

In reference to a card in the *Vancouver Times* of yesterday, signed "Thomas Golden," in which he gives notice to his friends and the public that he has no intention of quitting the Brown Jug Saloon, as under the lease which he holds from the trustees of the late J. D. Carroll, he is entitled to a renewed lease of the premises, the inference to be drawn from reading this notice would be that I had no authority to offer the premises for lease. But as *I* apprehend the object of his notice, and as Mr. Golden did not state for the information of his friends and the public the circumstances under which he considers he is entitled to a renewal of lease, it is nothing but right that *I* should inform *my* friends and the public the precise nature of what I consider this privilege, and which I have not the slightest intention of depriving him. It is this, taken from his lease: "At the expiration of his present lease, he is to have *the first* offer or preference of the said premises to *rent at the fair and reasonable marketable value of the same.*" Now it is my impression that the course I have adopted is the most honorable and equitable manner of ascertaining the "reasonable and marketable value" of the said lease.

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S. L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M.'s Consul at Manilla, dated Sept. 17, 1864: "The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M D., Hon. F.R.C.S, England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

Extract from the General Board of Health London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations Never be tempted to buy Cholorodyne except in sealed bottles, having the words, "Dr. J. Collis Browne's Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33, Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d., and 4s. 6d. Ju24 1yw

From the West Coast—The schooner Surprise, Captain Spring, arrived from a trading voyage to the west coast of this Island, yesterday afternoon. Captain Spring reports all quiet and peaceable among the Indians along the coast. The Surprise went up as far as Woody Point and called at Nootka Sound, where she heard of Messrs. Smith and Whittaker and their party. The prospectors had only been a short time at Nootka, and had gone up Muskrat Arm, the same which was prospected by Mr. Buttle on his first trip. There was no news of the party having made any discoveries. The reported disturbances, which caused the recent visit of a gunboat to the west coast, Captain Spring says arose out of attempts made by the Clayoquot Indians, instigated by the scamp Cedah-Canim and others to impose upon some of the tribes by threatening to send for the men-of-war to pay them a hostile visit. The Indians are in great terror of the war ships since the memorable visit of the Sutlej last year. They are now pacified, and white men can go among them with comparative security.

Great Fire at Leech River.—We learn from Mr. Barnett, L.R.E., that a fire broke out at 11 o'clock on Friday morning at the lower end of Kennedy Flats, and in a very short space of time the whole of the bush was on fire, creating a tremendous blaze with excessive heat. Stege's Hotel, Walsh's store, Allison & Cole's smithy, and several miners log cabins were in imminent danger of destruction, and were only saved by the exertion of a number of men who collected on the spot, and by the aid of buckets succeeded in checking the progress of the conflagration towards the buildings. The trees continued to burn all night, the fire extending towards Mount Ararat hotel. In the morning it had partially died, but revived yesterday morning and was blazing vividly on Saturday night.

Ordination Service—The ceremony of ordaining four Elders in the Presbyterian Church, was performed yesterday forenoon by the pastor, Rev. Thomas Somerville. The church was densely crowded, and the congregation listened most attentively to the impressive sermon on the nature and duties of the eldership, and to the earnest and eloquent address to the gentlemen appointed to the office. Mr. Somerville's congregation has increased in numbers so considerably that accommodation can scarcely be found for all who now attend.

Laid Up—The steamer Alexandra is now finally laid up by her owners till the termination of the pending lawsuit. The steamer has been appraised variously at $8,000, $19,000, $24,000 and $25,000, and we understand that the owners offer to give bonds to the lowest amount to be allowed to run her; the owners of the Fideliter, however, demand the $25,000, and thus the matter rests for the present.

Not Coming—The steamer Eliza Anderson having been engaged on Puget Sound to convey passengers from Olympia to Seattle for the fourth of July celebration, will not return to Victoria, we understand until Thursday morning, we may consequently expect no telegraphic news until the return of the Enterprise to-morrow evening.

No News—In consequence of the steamer Enterprise having left New Westminster at three o'clock on Saturday, we are without our *Columbian* exchanges of Saturday morning, telegraphic despatches of that date, or Cariboo intelligence per express due from up above.

Gold—The steamer Enterprise goes up to New Westminster to-night to bring down a large quantity of gold for the Bank of British Columbia to ship by the expected mail steamer.

Chamber of Commerce—The regular monthly meeting of the Chamber will take place to-day, at two o'clock, in Smith's building.

Chaste as Ice and Pure as Snow—The Fragrant Sozodont is a scientific composition of the purest and choicest ingredients of the oriental vegetable kingdom. Every ingredient is well known to have a beneficial effect on the teeth and gums, its embalming or antiseptic fragrance, makes it really a toilet luxury, and a pleasure to use it, as it removes all disagreeable odors, even that of tobacco. It speedily removes the ravages which children sustain in their teeth, owing to the improper use of sweet and acid articles, which imperceptibly destroy them.
Sold by Druggists throughout the country, 75 cents per bottle.

Newspapers and Periodicals.—Mr. F. W. Herre having transferred his subscription list of Papers, Magazines, &c., to Messrs. M. W. Waitt & Co., subscribers will hereafter be served from the Book- and Stationery Store on Government street, between the Grotto and M. Sandrie's.

The New Atlantic Cable—A recent telegram having stated that the Great Eastern had sailed to take on board the new Atlantic cable, the subjoined clipping from the *Scientific American* has double interest:—"Every possible care and attention is bestowed upon the manufacture of the Atlantic cable so as to render its success, if properly laid, a continued certainty. The core consists of a strand of seven copper wires each covered with about half an inch of gutta percha composition, as an insulating medium. The telegraphic core is then strengthened by wrapping around it ten solid wires formed of Messrs. Webster Horsfall's homogeneous iron, capable of bearing a strain of 11 miles of its length. The whole is afterwards surrounded with yarn saturated with a chemical compound which, by its poisonous qualities, will prevent its destruction by marine insects, shellfish, etc. The new cable is most perfect throughout, and double the strength of the former one. The superior quality of the conducting wires and the greater thickness will admit of an average of eight words per minute being transmitted, against a fourth of that number under the arrangement of the old cable.

Fourth of July Pic-Nic—On Saturday the magistrate, on the application of Mr. Courtney, granted permission to Messrs. Mason & Revis, of the "Crooked Billet," to open a refreshment bar at Cadboro Bay on the 4th of July. The arrangements being made by the Committee are such as to ensure a most successful entertainment. The dancing platform has been enlarged and roofed over, and a good quadrille band, under Mr. Wilson, has been engaged to perform by sun and moonlight. Not the least attractive feature in the preparations will be the ice cream stand presided over by Signor Astrico. The programme states that there will be dancing from 11 to 12 m., when the Declaration of Independence will be read and an oration delivered. The company will then partake of a cold collation, after which dancing and other amusements will be the order of the day. In the evening there will be a display of fireworks. The band will continue to play by moonlight until the "wee sma' hours."

Leech River Mining Board—The first meeting of the mining board was held on Saturday night, Gold Commissioner Foster presiding; the whole of the members present. A resolution was passed unanimously and forwarded to the Governor requesting His Excellency to allow them to appoint their own chairman and also the place of meeting, Colonel Foster having informed them that it was His Excellency's wish that he should preside. This is contrary to the rules of all Gold Mining boards, and we are sure His Excellency will respond favorably to the resolution.

The Fideliter—Another effort will be made to-morrow or the next day, should the weather prove favorable, to raise this unfortunate steamer. Spars adapted for the purpose are being procured from the neighborhood of Judge Cameron's mill at the Lagoon.

District School—The annual examination of the Victoria District School will be held by the teacher, Mr. Burr, to-day at 11 o'clock. His Excellency the Governor and a number of other visitors are expected to be present.

INTERCOLONIAL RIFLE MATCH.

The chosen ten of the Victoria Rifle Corps went up to New Westminster by the steamer Enterprise on Thursday night, accompanied by the band of the corps, arriving there at seven, a.m. The morning dreams of some of our Westminster friends were dispelled by the lively strains of martial music wafted on the breeze at such an early hour, and many a heavy slumberer yielded to the power of melody, and was drawn forth to witness a portion of the day to which he was perhaps usually a stranger.

After fortifying the inner man at the "Colonial," the bugle sounded, and the Victorians fell in, and marched up to the ground headed by their band. By ones and twos the Westminsters came straggling to the ground—a proceeding which, *en passant*, we must be pardoned for noticing as not quite *a la militaire*. As soon as the whole number had collected, it was decided that the Westminsters should commence the contest, and after the triggers had been tested, the cracking of rifles and pattering of bullets soon told what hard knocks the target was receiving. The five rounds having been fired off, the Victorians marched to the front, and "Brown Bess" the latest born, kept up a similar shower of lead on the target. The shooting at this distance resulted, strange to say, in a tie.

The next trial, at 200 yards, produced a few long faces amongst the Victorians, the score showing twelve points in favor of the Westminsters. The flush of partial success did not, however, seem to have its usual effect, for at the next distance, 250 yards, a great falling off was observable on the part of the Westminsters, and the result was eight in favor of the Victorians. Then came the tug of war; the last range to be fired off, and only four points' difference in the two scores. The Westminsters apparently went into the last firing, 300 yards, with greater confidence and coolness than their opponents, and made within one point of the preceding score; the Victorians on the contrary seemed to wax nervous, and became discouraged on seeing some of their best shots making a few "bush-rangers." Towards the end, many seemed to grow careless, and the full moon on the target appeared to wear a derisive grin at their futile efforts. The result was known long ere the last shot was fired, for it was soon evident that the Victorians could not win. The score at this range gave the Westminsters 13 more to the good, making them the victors by 17 points.

At the conclusion of the firing, the band struck up "Oh, dear! what can the matter be," which brought smiles to the faces of many of the spectators.

The shooting on both sides was not what would be considered in these days of rifle proficiency firstrate, although some dusky sons of the forest thought it was *skokum pooh*, but as all things must have a small beginning, we hope that this trial of skill is but the forerunner of some heavier scoring, and more closely contested matches. The position taken while firing by the Westminster men, with one or two exceptions, was not at all according to the Hythe school of instruction. By numerous modern experiments it has been a well established fact that the manner in which the rifle is held, and the position taken by the rifleman materially affect the accuracy of the aim. All musketry instructors of the present day make a great point of having the left elbow straight under the rifle, and the right in a line with the shoulder, the efficiency of which is proved by raw recruits becoming under the system, good shots in a very short time.

The Victoria men labored under one or two disadvantages in the match; in the first place, the range is all up hill, so that the sights on the rifles intended for level ground would not answer; and secondly, for some of the distances the Enfield Rifle is so constructed that the sights cannot be adjusted to allow for the additional attraction, therefore it had to be done by guess. During the day the band enlivened the interludes with a variety of stirring strains, which seemed to be listened to with satisfaction by a goodly assemblage of the fair ones of the sister capital. With their usual hospitality, the Westminster corps entertained their brothers in arms with a sumptuous dinner at their drill hall. Here not a fault could be found by the most fastidious; the tables groaned with the weight of the many good things on them, which were placed on the tables in such profusion as even to astonish the sharp-set appetites of the heroes of the day.

After exercising vigorously for some time in the knife and fork drill, the usual loyal toasts were drunk, followed by the healths of Governors Kennedy and Seymour, the Press, the two Rifle corps, the Band, and last, but not least, the Ladies. Mr Good proposed the last toast in a humorous little speech, expatiating largely on the lustre of those eyes which had acted as such strong stimulants to nerve the warrior's arm to deeds of prowess, ascribing the palm of victory to their influence. At 1 a.m. the company dispersed, all thoroughly satisfied with their day's amusement. So far as the Victoria men are concerned we are sure that all felt highly gratified with the reception given them and thoroughly enjoyed their visit, although the fates ordained that they should not bear away the laurels.

The Enterprise left New Westminster at 2:30 a.m. and arrived here at 9:30, when the result of the match was soon heralded through the town by the Band in the appropriate airs of "There's nae luck about the House," "Cheer up Sam," "There's a good time coming boys," &c.

THE SETTLERS vs. THE INDIANS.

To the Editor of the British Colonist,—Sir,—Without pretending to agree with you in everything you have written on the important and difficult question of the rights management, &c. of our natives, it is very refreshing to me, after hearing and reading so much of the superficial and impracticable from some other quarters to read an occasional leader from your vigorous pen, in your calm, common-sense manner of treating this grave subject. That the proper treatment and unsuccessful management of aboriginals in young colonies is a grave and difficult subject to handle skilfully, all who have considered it soberly must admit. See how the wisdom of the Colonial office, and the House of Commons—said to be the highest tribunal of wisdom and good sense in the world—is taxed to straining whenever the more difficult phases of this question come before them! Witness the recent debates on the New Zealand war! Also, how our most talented colonial governors quail before this subject, and fear to expound their Indian policy or even to express an opinion upon some of its most knotty points, and they often commend their wisdom by their silence. He who brings to his aid not only a sound judgment and much experience, but a thorough knowledge of the history of other colonies, the manner in which the natives have been treated, what part of their Indian policy has been most successful, &c., deserves most to be heard, for he is likely to speak most wisely.

The two great works from which I have derived very much satisfaction in the study of this subject,—and which I think every christian statesman who has anything to do with colonial governments cannot pursue in vain—are the volume entitled "Evidences on the Aborigines," and the late voluminous work on the extent, resources, government, &c., of all the "British Colonies," published in three large volumes and dedicated, by permission, to the Queen, by R. M. Martin, Esq., late Treasurer to the Queen at Hong Kong, &c., &c., in which a history of the management and mismanagement of natives has special prominence, and is treated in a dignified, able, and impartial manner. The former volume contains a record of the various and highly important testimony given by missionaries, travellers and others, before a large committee of the House of Commons a few years ago, appointed especially to consider the whole question of the best mode of treating aborigines. As this is a subject in which I have taken much interest, and, in addition to a good deal of reading have had considerable opportunity during the last thirty years, as a son of a pioneer settler and missionary of a pioneer society, of learning something about the character and best management of the American Indian, east and west, I shall venture to express an opinion on a few leading points.

To the question, "Should the natives be treated as subjects?" I would answer, certainly, but in a qualified sense. Our children are subjects; but who expects or wishes them to enjoy all the rights of citizenship before they attain to their majority? The true idea is to treat the Indians, in many respects at least, as a minor. It is really surprising to see a gentleman of Dr. Helmcken's ability and observation rising up in the House and telling us (as reported by the press) that "the Indian must be treated in all respects exactly as the white man." "Let them drink their own grog, and make it if they please." This wonderful stretch of liberality may do very well just while fencing potato patches and drinking liquor are the topic of conversation; but does the hon. Speaker intend to carry out his doctrine and allow natives, in their present state of civilization, to hold land in fee simple, to vote at elections, and sit on juries? It is found necessary in the eastern provinces still to treat the natives as minors, with few exceptions, although forty years ago they were equal if not superior to what ours are now; and since that period they have made great progress in enlightenment and civilization; so that our natives in their present untaught and helpless condition shall have conferred upon them all the rights and responsibilities of full-fledged citizenship, is more than any sensible man can advocate. While, however, they occupy the position of children, let them know and feel that they have in the Government a wise, kind and impartial guardian.

To the question, "Should the natives have the same privilege as the white man in regard to the use of intoxicating liquors?", If I had ten thousand voices they should all answer, No! The whole history of this question in Australia, New Zealand, Canada, the Eastern Provinces, the United States, &c., answers, no! Why should not history and experience teach us? If our law-makers wish to make a wonderful exhibition of their wisdom and originality, they can suspend the prohibitory liquor law for a few months, and then I venture an opinion that they will be glad to re-enact it with more rigor than ever. But the letting in of such a flood is a dangerous experiment. We are told that the experiment was made in this very country, and among these very Indians, for many years by the Hudson Bay Company, and that the results compare favorably with the working of our present law. Who does not, sir, I ask, see a great change between their time and ours? Then there were only a few white men in the country, and these were paid regular salaries and had no need to resort to a mean traffic to make a dollar. Their liquor was much superior to the stuff now mixed up and passed off for whisky, and they only visited the camps at long intervals and stayed for a short time. The Indians for the most part remained at home, and they had only began to acquire an appetite for strong drink, while their means for obtaining it were very limited. But now, how different! Their appetite is strong, confirmed, hereditary. There are scores of depraved liquor vendors waiting to rush in and supply this appetite with the most corrupt stuff, not only for the purpose of making money, but in many instances with the distinct object of seduction and robbery, and in others, I fear, for the diabolical purpose of frustrating the efforts of christian labor among the natives. To say that the traffic should be placed under certain rules and regulations, and kept within the due bounds, is, to my mind, something like talking of setting fire to a dry prairie and then extinguishing it with the contents of a teapot, or damming Niagara with a bundle of straw.

In regard to the difficulty arising out of the settlers' cattle and pigs destroying the Indians' potatoes, it is a matter we are constantly hearing about in our various meetings with the Indians here and at Chemainus. I fully agree with you that we cannot expect the settlers to pen up all their animals, but their running at large should be subjected to certain regulations. There may be unlawful animals as well as unlawful fences. Should there not then be some practical law defining what shall constitute a lawful fence, and providing for the appointment of fence viewers in case of dispute on this point, where damages are claimed? I have met the Indians at their councils several times for the purpose of urging them to fence in their land, and have told them continually—sometimes to their displeasure—that they must enclose their lands or they would lose not only their crops but their lands also. But I find the great difficulty in the fact that the boundaries of what is to be their reserves are not officially fixed and distinctly marked out. The natives reasons very shrewdly on this subject. He says: "The white man wishes to limit the Indian to the little patches we are now cultivating, and if we put a strong, permanent fence around the patches it will somewhat weaken our title to all that is not enclosed, and we and our children cannot do in the future as we have done in the past—use one piece of ground for a few years till it gets tired, and then work a new piece for a while and let the old piece rest." It seems to me that the great want at present is a man of perseverance, wisdom and experience to act as Colonial Indian agent, whose duty it would be to visit the natives at their homes, meet them in their councils, hear all their wants and grievances, and show them that he is their friend; and I believe that through such a medium the Government might do almost as it pleases with them or their lands. But if the Government continues to stand by and see them driven off all their lands piecemeal without having any settlement with them or giving them any equivalent, we must expect trouble.

As to the settlers, why should they not manage their own affairs as they do in the back townships of the Eastern Provinces? They are a similar people, in very similar circumstances. There I always found the system of self-government to work as well in the young settlement as in the populous district, and I do not see why a system of circuit judges, honorary justices of the peace, and a simple colonial system of municipal institutions should not answer as well here as on the other side of the Rocky Mountains. And if British America is to become at no distant day a confederated empire—as it most probably will if it is to remain *British*—would it not be well to assimilate our colonial policy from the first to that of the Eastern Provinces as much as circumstances will permit? But this is a subject upon which I must not enter, as my letter is too long already.

Yours, &c., E. White.

Holloway's Pills.—Pure blood. As this vital fluid, when in a healthy state, sustains and renovates every part of the living system, so, when it becomes impoverished or impure exerts a precisely contrary effect. It is abundantly manifest that any medicine which does not reach the circulation can never exterminate the disease; but any preparation capable of exercising a sanitary influence over the blood, must with it be carried to every living fibre of the frame. The lungs, heart, liver, kidneys, and skin, all receive benefits from its more wholesome condition. Holloway's purifying Pills operate directly, powerfully, and beneficially, upon the whole mass of blood, whether venous or arterial. They strengthen the stomach, excite the liver and kidneys, expel disease and prolong existence.

Holloway's Ointment and Pills.—Fistulas, Piles, Excoriations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excoriations, a few applications of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

Holloway's Pills.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evils, and is so common, so universal a complaint, that it is a great blessing that such a remedy as this invaluable medicine should have been discovered. No one need long suffer from indigestion with these Pills at hand.

Holloway's Pills and Ointment.—Lowness of Spirits, Hypochondriacism, Insanity.—These formidable diseases are usually caused by a disordered condition of one or more of the digestive organs, and, most deplorably, commence at the meridian of life. The distressing symptoms need no enumeration; they are known in some degree to the wisest and best of mankind, as well as to the weakest. Whenever the liver, stomach and kidneys are roused, the morbid feelings and ideas vanish; to effect this happy result nothing more is needed than fricture over those organs with Holloway's Ointment, while the Pills are likewise taken. The change of thought is immediate, happy and lasting. Those whom these medicines have cured, confess that the influence of them upon the mind is magical.

Holloway's Pills.—A Remedy for Bilious and Liver Complaints.—Those who suffer from bile and liver complaints should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, remove all impurities, give a healthy action to the liver, and strengthen the stomach. If bilious attacks be allowed to continue without using such a preventative, more serious casualties may arise, and the sufferer be consigned to a bed of sickness Holloway's Pills are an extraordinary remedy acting immediately in the removal of acidity of the stomach, indigestion, debility, and nausea preparing the food thoroughly for assimilation rendering each tributary organ perfect in its function, and stimulating the kidneys

Holloway's Pills.—Billious affections and stomach complaints, induced by atmospheric heat or too liberal diet, if not early checked, are often attended with serious consequences. When anyone finds his ideas less clear than usual, his eyesight dimmed and his head dizzy, while he is indisposed for all exertion physical or mental, he may be quite sure that he is in immediate need of some cooling and purifying medicine. Let him send at once for a box of Holloway's Pills, after a few doses of which his head will be clear again, his spirits be elevated, and all his energies be restored. Printed directions for the guidance of patients in the use of this admirable medicine are affixed to every box.

GLORIOUS NEWS
—FROM—
LEECH RIVER.

THE GOVERNMENT PROSPECTING party is expected to return with the glad news of very rich and extensive Gold Fields having been found, in view of which the

MOUNT ARARAT HOTEL,

Is pronounced to be the best and most comfortable house on the River, having single and double bedrooms, clothed, plastered and carpeted; a large hall running through the centre, with a large well furnished Parlor on either side for Ladies and Gentlemen.

Feed and Stabling for horses.

The Mount Ararat is the only House fitted up for the accommodation of Ladies. The proprietors, without regard to cost or trouble, have put up a House that is the admiration of all lovers of cleanliness and good eating, and which would not disgrace the great metropolis of Vancouver Island.

The Mount Ararat being elevated seventy five feet above Kennedy Flat, on the Government Trail leading to the North Forks, it has a great advantage over other houses from the purity of both air and water around it and the grand and magnificent mountain scenery that can be seen from its door.

The Proprietors would call the attention of miners, merchants and others intending to visit the mines this spring, to this advertisement.

Fresh Milk on hand for Tea and Coffee.

COLONIAL SECRETARY'S OFFICE,
Victoria, June 16th, 1865.

HIS EXCELLENCY THE GOVERNOR directs the publication for general information of the Titles of the undermentioned Acts, to which the assent of His Excellency has been given this day:

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and enewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.

Billousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Jaundice	Secondary Symptoms
Asthma	Dysentery	Liver Complaints	Tic-Douloureux
Billious Complaints	Erysipelas	Lumbago	Tumours
Blotches on the Skin	Female Irregularities	Piles	Ulcers
Bowel Complaints	Fevers of all kinds	Rheumatism	Venereal Affections
Colics	Fits	Retention of Urine	Worms of all kinds
Constipation of Bowels	Gout	Scrofula, or King's Evil	Weakness, from what ever cause &c., &c.
Consumption	Head-ache	Sore Throat	
Debility	Indigestion	Stone and Gravel	
	Inflammation		

Sold at the establishment of Professor Holloway, 244 Strand (near Temple Bar), London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d, 2s. 9d, 4s 6d, 11s. 22s. and 33s each Box.

☞ There is a considerable saving by taking the larger sizes.

DR. RADWAY'S PILLS.

ARE THE BEST PURGATIVE PILLS.
ARE THE BEST PURGATIVE PILLS.
ARE THE BEST PURGATIVE PILLS.
NO STRAINING.
NO GRIPING.
NO TENESMUS.
NO PILES.
NO FALSE CALLS TO THE WATER CLOSET.

BUT A BRISK AND THOROUGH EVACUATION FROM THE BOWELS IS ALWAYS SECURED.

Newly Discovered Principles in Purgatives.

Dr. Radway's Pills are the best Purgative Pills in the world, and the only Vegetable Substitute for Calomel or Mercury ever discovered. They are composed of VEGETABLE EXTRACTS FROM ROOTS, HERBS, PLANTS, GUMS, SEEDS, FLOWERS, BARKS, FRUITS AND WEEDS, PREPARED IN VACUO.

One grain of the extract of the medicinal properties of Radway's Pills, possess a greater curative power over disease than a thousand of the crude and inert materials that enter into all other pills in use. These Pills are compounded of the active medicinal properties of the Roots, Herbs, Plants, Flowers, Gums, &c. of which they are composed. One dose will prove their superiority to all other pills. They

PURGE, CLEANSE, PURIFY, HEAL,
SOOTHE, CALM, STRENGTHEN,
INVIGORATE,
And REGULATE THE SYSTEM.

Their Great Combinations.

They are Aperient, Tonic, Laxative, Alterative, Stimulant, Counter Irritant, Sudorific.

AS EVACUANTS,

They are more certain and thorough than the Drastic Pills of Aloes, or Croton or Harlem Oil, or Elaterium; and more soothing and healing than Senna, or Rhubarb, or Tamarinds, or Castor Oil.

IN SUDDEN ATTACKS OF

Inflammation of the Bowels or Stomach, Liver, Spleen, Pancreas or Kidneys, Bilious Cholic or Bilious Fever, Erysipelas or Congestive Fever, Small Pox, Measles, or Scarlet Fever,

SIX TO EIGHT OF DR. RADWAY'S REGULATING PILLS WILL PURGE THESE DISEASES FROM THE SYSTEM IN SIX HOURS.

One dose of Dr. Radway's Pills will cleanse the intestinal canal, and purge from the bowels all offending and retained humors, as thoroughly as lobelia or the best approved emetic will cleanse the stomach, without producing inflammation, irritation, weakness,

STRAINING,

or other unpleasant symptoms. There are no other purgative pills in the world that will secure this desideratum.

BETTER THAN CALOMEL OR BLUE PILL.
BETTER THAN CALOMEL OR BLUE PILL.
BETTER THAN CALOMEL OR BLUE PILL.

AS ALTERATIVES,

They exercise a more powerful influence over the liver and its secretions than calomel, mercury, blue pill, hence their importance in cases of Liver Complaints and Spleen Difficulties, Jaundice, Dyspepsia, Bilious attacks, Headache, &c. In the treatment of Fevers, either Bilious, Yellow, Typhoid, and other reducing Fevers, they are superior to quinine. Their influence extends over the entire system, controlling, strengthening, and bracing up the relaxed and wasting energies, and regulating all the secretions to the natural performance of their duties, cleansing and purifying the blood, and purging from the system all diseased deposits and impure humors.

DR. RADWAY'S PILLS.

ONE TO SIX BOXES WILL CURE

Costiveness,	Jaundice,	Rush of Blood to the Head,
Constipation,	Congest'e Fever,	Obstructions,
Congestion,	Sleepiness,	Dropsy,
Heart Disease,	Gen'l Debility,	Acute Erysipels,
Diseases of Kidney & Bladder,	Dimness of Sight	Headache,
Disease of Liver,	Fits,	Bad Breath,
Biliousness,	Lown's of Spirits	Inflama'n of the Intestines,
Typhus Fever,	Quinsey,	Apoplexy,
Ship Fever,	Dyspepsia,	Enlargement of the Spleen,
Malign't Fever,	Measles,	Scurvy,
Loss of Appetite,	Melancholy,	Whoop'g Cough
Indigestion,	Hysterics,	Worms,
Inflammation,	Amenorrhoea,	Bad Dreams,
Palpitations,	Fainting,	Pleurisy.
Scarlet Fever,	Dizziness,	
Bilious Fever.	Retention of Urine,	

If afflicted with either of the above named diseases, "one to six boxes of Dr. Radway's Pills will cure you. By taking a few doses of the common Drastic Pills that gripe and pinch you when they operate—you may obtain temporary relief; but if you stop taking these imperfect pills for a week or a month, your old complaint returns. Now, this is not the mode of cure indicated by Dr. Radway's Pills. They make a perfect cure, and the patient will not require any more medicine.

PILES, STRAINING AND TENESMUS,
PILES, STRAINING AND TENESMUS,

Are the results of inflammation or irritation of the mucous membrane of the bowels, induced by drastic pills—these imperfect pills, instead of being dissolved by the chile, are carried to the lower bowels, and induce a peristaltic movement of evacuation by their irritation—hence the straining, griping, wrenching pains, piles and tenesmus, and the frequent false calls to the water closet, that patients undergo who take these imperfect pills.

If you would avoid these annoyances, whenever a purgative medicine is required, take a dose of

RADWAY'S REGULATING PILLS.
THEY WILL PURGE THOROUGHLY AND LEAVE THE BOWELS REGULAR.

Persons afflicted with Piles, may rely on a positive cure by their use.

COATED WITH GUM.
COATED WITH GUM.
COATED WITH GUM.

Dr. Radway's Pills are elegantly Coated with Gum, are free from taste or smell, can be taken at all times and on all occasions. No danger will result from colds, if exposed to wet or damp weather after taking these pills.

SIX OF RADWAY'S PILLS

Have secured a vigorous evacuation, in severe cases of Inflammation of the Bowels, Paralysis, &c., after Croton Oil, Harlem Oil, injections and other means completely failed. A dose of Radway's Pills will remove all obstructions, and secure a free passage. Directions for use are inside each box. Price per box, 25 cents. Sold by Druggists, Medicine Dealers, and Storekeepers.

N. B.—Every Agent has been furnished with *fresh* and new made Pills. As each box is enclosed with a Steel Engraved Label, take none others.

MEDICAL ASSISTANCE.

RADWAY'S READY RELIEF.

THE GREAT EXTERNAL AND INTERNAL REMEDY,
STOPS THE MOST EXCRUCIATING PAIN IN A FEW MINUTES,
AND
RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once.

ITS FIRST INDICATION

Is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.

If in the Head, Face, or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side;
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears;

Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.

IF SEIZED WITH PAIN

In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears, or Throat;
In the Brain or Nervous System;

One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort.

If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured, or Disabled;
If Sun Stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts afflicted. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonsful of the Ready Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH

CHOLERA, or Diarrhoea, or Flux,
Dysentery, Cramps, and Spasms;
Bilious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. So swift is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTHACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS, ENLARGED TENDONS, HEADACHE, (Sick or Nervous,) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty-five years, and for twenty years he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.
THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF in water; or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES

first give warning of their presence, and if met promptly before they become securely intrenched within the system, will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, &c., &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel diseased action, and restore the patient to health.

IN THE ARMY.

Dysentery, Bilious Cholic, Flux, Yellow, Typhoid and Malarious Fever, Rheumatism, Small Pox, Diptheria. Letters from Medical Directors, Surgeons, and Military Officers endorse the importance of RADWAY'S READY RELIEF over all other medicinal remedies.

EIGHTH MAINE.

Eighth Maine regiment, Serg't C. P. Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhoea, Dysentery, Rheumatism, was cured by the use of the Ready Relief.

CAUTION.

In all cases ask for Radway's Ready Relief. Take no other. See that the signature of Radway & Co. is on the outside label of each bottle. Every agent is supplied with a new and fresh supply. Price 25 cents per bottle. Sold by Druggists, Merchants and Country storekeepers.
